

# C75R-A1

## 3/4" Remote Squeeze Off Tool

The model C75R-A1 Remote Squeeze Off Tool is designed to squeeze 1/2" to 3/4" PE service lines safely and effectively from above ground.

This lightweight tool is constructed of plated steel to maintain strength in a compact size.

Squeeze protection is provided by machined stops on the bottom jaw to ensure maximum flow control without damaging the PE pipe.

Guide bars are positioned on both sides of the tool to center the service line in the jaws.

The C75R-A1 comes complete with a static grounding spike that is easily stored with the tool.
